Substantial Reductions Must Be Made Before Goods Will Bought Declare New York Wholesalers.

Action of Retailers in Slashing Prices Directly Responsible For New Demands.

Market Has Broken Declaration Of Garvan, Assistant Attorney General.

Public Withdrawal From Market Is Reason Says Garvan.

(By Associated Press.)

New York, May 21.—The price cutting movement here today reached some wholesalers when managers and buyers of prominent department stores announced their establishments would refuse to purchase from jobbers until substantial reductions are made.

The department stores, which have made 15 to 50 percent reductions in the price of goods, now demand that the wholesalers make concessions to them.

## GARVAN TALKS ON REDUCTION

(By Associated Press.)

Washington, May 21.—The wave of price reductions in wearing apparel which has spread to every important city is due largely to public withdrawal from the market and to investigations conducted by the Department of Justice, in the opinion of Assistant Attorney General Garvan.

Mr. Garvan refused to endorse claims of merchants that they were actuated solely by patriotic motives.

"That stuff is pure bunkum," Garvan said. "There are other things responsible for this clamor of merchants to get on the band wagon of falling prices. The market has broken and a lot of people saw indictments for profiteering coming."

New Regime Anticipates Trouble With Murderous Outlaw

In Camp With General Villa, at Boughuilla, Chihuahua, Mexico, May 19, via El Paso, May 21.—Francisco Villa is as ready and willing to take the field against the newest revolutionary forces as he was against Carranza, he told the Associated Press here today.

No Aspirant to Presidency On Democratic Ticket Has Decided Advantage Over Others

Palmer Has 76 Votes Pledged and Cox 74, With Edwards, Glass and Owen Following.

Uninstructed Delegates Thus Far Number 587 With 242 Remaining to be Elected.

(By Associated Press.)

Chicago, May 21.—With the democratic convention a little more than a month away, a canvass of the situation shows no one man has received as many as one hundred delegates, while the uninstructed delegates thus far chosen number 587. There are 242 delegates yet to be elected.

Under the democratic convention rules, a two-thirds vote is required to nominate or 228 of the 1002 votes which will be cast in the convention.

Of those candidates who have votes instructed for them, Attorney General Palmer is leading with 76 votes given to him by his home state of Pennsylvania this week.

Governor Cox of Ohio is a close second with 74 votes, the solid delegation of Ohio and Kentucky.

The names of three favorite sons stand third and fifth in the list. Governor Edwards of New Jersey receiving his state's 28 votes, Senator Carter H. Glass having Virginia's 24 and Senator Robert L. Owen, Oklahoma's 20.

James W. Girard, of New York, former Ambassador to Germany, who filed a petition in South Dakota, will receive that state's ten votes.

Only one contest has appeared to date. In Georgia, friends of Mr. Palmer, dissatisfied with the action of the state convention in endorsing Senator Hoke Smith, organized a separate convention and selected twenty-eight Palmer delegates. Oregon democrats meet today to elect ten delegates.

## MAYOR'S EDICT A POPULAR ONE

Mayor V. J. Dahl's edict that idlers about the city must get busy without further delay or take a chance on going to the workhouse, is being received on all sides—except among the loafers themselves—with a great deal of satisfaction and approval.

Many citizens have heartily endorsed the action of the Mayor in putting an end to loafing about the streets and pool rooms when such attractive wages are being offered and the demand for labor is heavy.

It is the intention of Mayor Dahl to begin ferreting out the loafers Monday morning with a view to taking them into custody as loiters or vagrants.

Already there has been a noticeable decrease in the number of idlers who have read the handwriting on the wall.

# Maximum Battery Value

Never was there a battery designed and built as is this two-year Cooper. Never was there such a collection of engineers, all specialists in the battery business, gathered together under such able supervision as this force of engineers at the Cooper Storage Battery Factory at Madisonville, Ohio, (Cincinnati). They come from the four corners of the earth, all of them "old heads" at the business, with years of service with some of the leading battery factories of the world. Is it any wonder they are building a battery with the longest guarantee ever put on a storage battery? AND IT LIVES OUT THE GUARANTEE, TOO. : : :

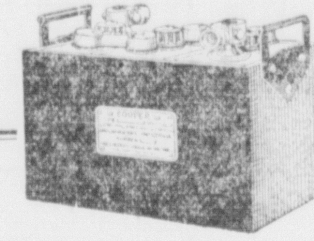

## Who Builds It

Here's the way they select the men. They wanted a man, a specialist on plates; they went out and grabbed him away from someone. They wanted a specialist on compound; they found the man they wanted and secured him. An engineer was needed, and they went out and got the best known battery engineer in the country—he's the man who designed the Cooper Battery.

The same is true all the way through the factory. Even the laborers are experienced battery men. No work is left to inexperienced hands.

It's an absolute fact that the biggest and most thorough battery men in the country are building the Cooper Battery.

## TWO-YEAR GUARANTEE

The very best of material goes into them. The plates are extra heavy. The separators are cedar (the resistance of cedar to water and other decaying elements is well known). The posts and group connections are of extra heavy construction of best material. The sealing compound is adequate and secure; the jars are best obtainable—the case, where the knocks and vibration are kept away from the vital parts, is of hard wood strongly constructed, and every battery is double tested before it leaves the factory.

## For Replacement

The Cooper Battery is built for replacement only. It is not used as equipment on new cars. Manufacturers have various reasons for using the batteries they do, same as they do the tires as regular equipment. But few car owners hesitate to change to another make of tires than those as equipment on the new car. And you can also better your battery equipment the same way.

## WHAT THE FARMER WILL RECEIVE FROM THE FARM BUREAU

What will the farmers of Fayette county who join the county farm bureau get in exchange for their moral and financial support.

The question is answered by local farmers who shortly are to make a drive for increased membership by saying that in addition to the benefits derived from the local organization Fayette farmers will have the strength of support of the Ohio Farm Bureau Federation and the American Farm Bureau Federation in lines of education, legislation, production, distribution, farm help, improvement of rural living conditions and a better understanding between producer and consumer that will result in benefit to both.

That there is a real shortage of food-stuffs is declared by the Ohio Farm Bureau Federation and the American Farm Bureau Federation. That such a shortage is not necessarily serious but will become alarming unless help is afforded is another declaration.

One of the announced purposes of the Ohio Farm Bureau Federation is to correct "erroneous impressions of city dwellers regarding agriculture, the profits from farming, the responsibility of farmers for high prices."

Another purpose is the dissemination of information regarding production cost. This information they declare in many cases will be as much of a revelation to farmer as to buyer. The Federation says it believes consumers, as a class, are fair and reasonable, but when they pay more for meat, bread and potatoes than they have been accustomed to pay, they want to know why and who is to blame. Too much of that blame, Federation men insist, has been laid at the door of the farmer.

The gathering and dissemination of data concerning supplies of farm products is another purpose of the Federation. Possession of such information, it is declared, will go far toward checking gambling on grain and live stock exchanges. Use of elevators for storing grain surplus, so that at any time the grain may be thrown on the market and thus forestall price manipulation.

Installation in each farmer's home of a simple but effective cost accounting system is another of bureau accomplishment. Thereby, it is pointed out, the farmer will be taking his place alongside other manufacturers, all of whom always know what a thing costs before they put it on the market.

## RUN LOITERERS OUT OF CHILLICOTHE

Charles Morgan, of Akron and Circleville, who has been hanging around town for sometime past, was arrested at 2:45 Tuesday morning in the East End by Officer Melvin.

Young Morgan, whose father is employed at Akron, and whose mother lives at Circleville, has been laying around with no visible means of support for several weeks, police say, and it is the intention of the department to run in all such loiterers in Chillicothe. He has been in the habit of loafing around pool-rooms until closing time, when he transfers himself to a chair in one of the all night restaurants and takes things easy for several hours, it is alleged by police.

He will be given a hearing in police court Tuesday evening. He claims his father has promised to send him money this week and he intended to go to Akron.—Chillicothe Gazette.

## Plain Facts About Prices

A great many press reports lead one to believe that prices have taken a sharp decline in the dry goods markets. In order that our patrons get the real facts we make this statement:

In the case of women's and children's wearing apparel there has been a decline, due to a very backward season, and we sincerely hope that this will permanently effect a reduction of fall apparel, but this we can only hope for.

All silks have declined in price due to speculation in Japan and in our own country. We believe that the prices on silks might recover slightly, but we hope never go as high as before. The reductions being made on millinery is purely seasonable. The cotton and wollen markets remain about the same, although reports are promising for a break in these prices also.

If there is a decline in any commodity which we distribute we will at once pass this on to the public. It always "Has Paid to Buy at Stutson's" and it always will.

The buying public of this section may rest assured that STUTSON'S will not hold to present prices a minute longer than a reasonable hope of replenishing present stocks at lower prices is justified.

We will offer all merchandise regardless of cost on the basis of future price prospects in the wholesale markets.

## Prices Drop

The long expected drop in prices of many necessities seems to have arrived. From scores of cities throughout the nation, on Wednesday, came reports of substantial reductions in prices by large mercantile houses.

We must consider, in connection with those reports coming from widely separated sections of the country, however, that the era of the spring clearance sales is now upon us everywhere, and the drive to move out surplus stocks in advance of fall buying may have been an important factor, considered by the merchants, in making "slashes" in prices.

That fact while not justifying too heavy a discount in the promise which Wednesday's action holds out to the consumer is, however, a condition which should not be lost sight of in our consideration of the day's happenings.

Most people have long since concluded that, speaking generally, the retail dealers are not, to any appreciable extent, responsible for present inflated prices; that they as well as the consumers have been the victims rather than the partners of the conscienceless profiteers among the wholesalers, manufacturers, jobbers and finance gamblers.

There would have been more of real ultimate and permanent good promised had Wednesday recorded a substantial decrease in prices among the dealers from whom the retailers must purchase their stocks.

There is, however, in Wednesday's news, on heavy price reductions, a promise of permanency. The action of the retailers is proof that the public has ceased to buy blindly and pay any price for anything offered, that the public has determined to use care in its purchases and is demanding reductions rather than rushing to pay exorbitant prices. It is proof too that the fad of paying high prices is decidedly on the wane if it is not already at an end.

Another item in Wednesday's news which, read in connection with price reduction reports, reflects a bright light on the pathway ahead of us, was the announced determination by bankers everywhere to draw the already tight purse strings tighter than ever and their assertion that not one dollar would be loaned to speculators and that the buying of twenty-five dollar shoes and one hundred and fifty dollar suits must be stopped.

That is news carrying real encouragement. It means that retailers will quit buying the high priced merchandise because the public refuses to accept it in exchange for its dollars. It means that the consumer is not to be supplied without limit, with dollars to throw away. The dollars are going to be made scarce—so scarce that they will be worth holding until full value is received.

The bump thus imparted will find its way back to the source and goods must come out of the hoarding places into the open market and sell on merit to meet legitimate, not a fanciful demand.

The bankers can do it with the federal reserve banking laws and appearances indicate that they have set in on the big job.

## Buy Liberty Bonds

Now is the best time since they were issued to buy Liberty Bonds because they can be bought for less now than at any other time since they were issued. Right now is the time for persons fortunate enough and frugal enough to have investments in Liberty Bonds to hold on to them because they cannot be sold for their full value—every dollar they call for plus interest, and plus a premium which is certain to be offered for them when other securities—many of them speculative—decline in price.

It may seem strange, but it is a fact nevertheless, that Liberty Bonds are "off" in price now because they are the very best security in the world. Why?

Because in the present condition of the financial world they are practically the only securities that can be realized upon. The banks through pressure exerted by the national authorities are compelled to tighten up on money. Loans, except for necessities of legitimate business, have stopped. Nothing can bring the actual cash but the good old Liberty Bonds and even they can't bring par.

Persons who have been caught, financially speaking, by the tightening market and compelled to raise money on their Liberty bonds are in "tough luck." Those who get panicky because par is not offered or sell them at a reduction to indulge in unnecessary expenditures are not wise.

## POETRY FOR TODAY

## A LOVE LYRIC

Ah! 'tis like a tale of olden  
Time, long, long ago,  
When the world was in its golden  
Prime, and Love was lord below.  
Every vein of earth was dancing  
With spring's new wine;  
'Twas the pleasant time of flower,  
When I met you, love, mine.  
Ah! some spirit sure was staying  
Out of heaven, that day,  
When I met you, love, a-Maying  
In that merry, merry May.

Little heart, it shyly opened  
Its red leaves, love lore,  
Like a rose that must be ripened  
To the dainty, dainty core;  
But its beauties daily brighten,  
And it blooms so dear—  
Though a many winters whiten  
I go Maying all the year.  
And my proud heart will be praying  
Blessings on the day  
When I met you, sweet, a Maying,  
In the merry, merry May.

## RANDOM NOTES

## SOCIAL : PERSONAL MENTION : CLUBS

The young women of the Wednesday Club at Bloomingburg entertained with a jolly little masquerade party at the Woodman's Hall, Wednesday evening.

There were a number of clever makeups, including the bashful little country girl in gingham gown and sunbonnet, Red Cross Nurses, soldier, Japanese maids and a bride with lace veil.

The evening was one of much pleasure. Miss Stella West a local member of the club attended.

Refreshments were served.

Extremely pretty and attractive in all its appointments was a four table Progressive Bridge, entertained by Mrs. Roy Brown Thursday afternoon.

Bringing the game to a close a particularly elaborate luncheon was served with rarely beautiful sweet peas used in decoration.

Mrs. H. C. Hosier and Mrs. Eliza Waddell assisted in the cordial hospitalities.

In keeping with the times was the "Overall and Gingham" dance held at Jeffersonville Thursday night in the K. of P. hall under the auspices of the Pythian Sisters and which was attended by more than seventy-five couples.

At eight-thirty the grand march was underway, stimulated by the

spirited music of Miss Mary Ellen Briggs, of this city, at the piano, and Mr. Cary Giddings, of Milledgeville, drums. Features of the dance were cakewalks and Virginia reels which were in perfect harmony with the occasion. Not only was the dance the symbol of a slam at the H. C. of L. but it was also in the nature of a Leap Year affair, the men being the guests of the fairer sex.

Refreshments in the manner of bag lunches were distributed at late hour. The sacks were contained in a clothes basket and were filled with all kinds of the daintiest niceties.

Among those who attended from this city were Mr. and Mrs. Ed Coll, Mr. and Mrs. Oscar Orr and Mr. and Mrs. Joe Gillespie.

Tecumseh Lodge No. 80 I. O. O. F. will have for its distinguished guest at its regular meeting, Tuesday evening, May 25th, H. D. Chaffin, of Washington C. H., grand master of the state, the invitation being extended at a recent meeting and accepted by the official—Chillicothe Gazette.

Mrs. A. E. Henkle threw open her home on South Fayette street to the Thursday Kensington Club; a few additional guests enjoying the pleasures of the afternoon with the members. Spring flowers in effective arrange-

ment adorned the rooms, and during the course of the afternoon, Mrs. Henkle served dainty refreshments.

Nearly a hundred couples enjoyed dancing and a jolly good time, marked by its informality, at the Masonic Social Session Thursday night. Columbus, Wilmington, Jeffersonville, New Holland and other places were represented on the floor.

For the first time since the inaugurating of the Masonic dances Harvey's Orchestra, a local organization which is constantly growing in favor with the public, furnished the music and its popularity was attested in prolonged encores. The spirit and pep of the Orchestra increased with each successive dance.

"Don't be a Sink-Easy" is the slogan adopted for national "Learn-to-Swim" week, May 22 to 29. The American Red Cross will, in this campaign, make a determined effort to cut down the number of needless deaths from drowning. Divisions and Chapters of the Red Cross have made elaborate plans for an intensive campaign to give swimming instruction not only to children but to men and women.

The local Y. W. C. A. shares in the spirit of "Learn-to-Swim" week and classes are being formed for Tuesday and Thursday of each week, when the big Y. M. C. A. swimming pool is turned over to the woman's organizations.

Twenty members and visitors were present at the regular meeting of G. R. C. at the home of Edith Moore, Thursday afternoon. The lesson was in charge of Mrs. George Sturgeon and devotionals were led by Mrs. Roy Porter.

## ODD FELLOW TEAM MEMORIAL DAY

The Washington Athletics tackle the representative baseball team of I. O. O. F. Lodge, No. 26, of Newport, Kentucky at Sunnyside Park on Memorial Day.

The local management is in receipt of a letter from the manager of the Newport team in which he states that the organization stands for fairness in sports and withdrew their team from the field only recently because of the hostility of the opposition. They have won the majority of their games and present a strong lineup.

To fill the vacancy at shortstop it was announced at Athletic club headquarters Friday that Moorehead, of Hillsboro would probably be placed in the short field. This position has caused the team a great deal of worry due to the shifting of the infield.

# MRS. A. L. WILDRICK TELLS OF RECOVERY

*Says She Spent Half Of Her Time in Bed From Sheer Weakness and Could Not Get Relief Until She Took Tanlac—Gains 15 Lbs.*

The following remarkable statement was made recently by Mrs. A. L. Wildrick, well-known and highly respected resident of Los Angeles Calif., living at No. 222 North Alvarado Street. Mrs. Wildrick is 69 years of age and is the mother of seven children. Her photograph appears here.

MRS. A. L. WILDRICK,  
Los Angeles, California.

"For the past year or more," said Mrs. Wildrick, "I have been in very poor health. I suffered principally from chronic indigestion and my condition was so bad I had to spend half of my time in bed from sheer weakness. In spite of all the medicine I took I could not possibly get any relief and I became so nervous and unstrung that at times I could hardly realize what I was doing. I just had no appetite at all and suffered terribly nearly all the time with indigestion and was really in a very bad way physically. If I did eat a little something I would always have a miserable distressed feeling afterward and I tell you I was going down hill pretty fast."

"Well, I just can't find words to tell you how really bad off I was and also to tell you what Tanlac has done for me, for I feel as well now as I ever felt in my life. Why, after taking only three and a half bottles of this medicine I have actually gained 15 pounds in weight and everyone tells me I am looking better than in years!"

"Since I have been taking Tanlac I have found out that several of my intimate friends are also taking it and everyone of them are delighted with it. I am surely glad to recommend Tanlac and help spread the goodness of this medicine. Yes, I want you to use my photograph too, so that all my friends may see how well I am looking. Anyone who could see me now after seeing me only a few weeks ago would be convinced that Tanlac must be a really wonderful medicine."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Mill-edgeville, E. L. Ford Sons.—Advt.

## COMMERCE PLAN IS CONTINUED UNTIL NEXT WEEK

No action was taken on the Chamber of Commerce plan as presented to the Dutch Treat Club in this city last Thursday by C. E. Jenks, representative of the American City Bureau, when the special committee reported at the regular session of the club at the luncheon Thursday noon. The matter was continued until the next meeting so that the time of consideration may be extended before a decision is reached on the proposition made by the bureau representative.

Members of the club agree that the Chamber of Commerce plan is of value but hesitate at taking hold of the proposition because of the money that would be involved in putting the movement across according to the specifications of the bureau representative.

Thomas Francis was present at the meeting as the guest of Martin Cax Mr. Francis is truck salesman for the Cincinnati Motor Co. and kept his hearers entertained for over thirty minutes.

## PRICE OF BREAD 12 CENTS LOAF

Both of the large bakeries in this city Thursday advanced their price of bread two cents on the loaf to the consumer.

No change has been made in the size of the loaf, which is given as 16 ounces.

The advance is due, the bakers claim, to the unusually high price of flour and consequent high price of wheat.

## RUBBER TUBING IN LUNG 30 YEARS

During a fit of coughing one day this week, Chas. Griesheimer, Chillicothe, coughed up a section of rubber tube about three inches in length that had been in his lungs for 30 years and had caused constant ill health.

The tube was inserted in the lung as a drain some 30 years ago and at that time disappeared. He was suspected of having thrown the tube away at that time. However a short time ago he went to Cincinnati and a section of tube was taken from his lung and it was believed it was all gone. However the larger section came from the lungs this week during a paroxysm of coughing.

COMMENCEMENT AT NEW HOLLAND

The 31st Annual Commencement exercises were held Thursday evening in the town hall at New Holland for the nine graduates of New Holland High School who received their diplomas in the class of 1920.

"Community Builders" was the theme of the class address by Professor L. O. Lantz, head of the Department of Economics of the College of Agriculture and his talk was especially fitting for the occasion and in such a community as that which surrounds the New Holland school. He

left a timely message with the graduates and advised them to take a particular interest in their own surroundings.

Diplomas were presented by Superintendent Strausburg to Sidney Bloomer, Dorothy Bryant, Harold Dennis, Fannie Dyer, Garnet Gooley, Esther Griffith, Amber Minshall, Beryl Johnson and Floyd Jester.

The New Holland schools closed Friday afternoon at one o'clock with distribution of promotion cards.

The last affair in the commencement calendar is the annual alumni banquet which will be held Friday evening and which is always attended by scores of the old grads.

CENTRAL GRADERS DEFEAT FRESHMEN

Eight graders of Central made good their challenge to the Freshman baseball team of Washington High School and walloped that aggregation at Sunnyside Park Thursday evening 6 to 3.

The Central team played a hard and fast game and backed their pitcher up by good support while the Freshmen were unsteady and failed to pull together in their attack.

Prompted by their victory over the lowest classmen the graders are planning to challenge the Sophomore team, it is understood.

EATING PLENTY BUT STARVING THE BLOOD

You Ought To Feel All Right But Somehow Don't

More Red Blood Cells Are Needed

Pepto-Mangan Enriches the Blood and Supplies the Necessary Red-Blood Cells.

When you know you are not sick, but don't feel well—when you get tired more easily than people your age should—when you can't get up the energy to do the things you know you would enjoy doing, build up your red blood cells with Gude's Pepto-Mangan.

If your blood is weak you cannot be vigorous in body or cheerful in mind. Pepto-Mangan contains the elements that make rich, healthy blood. And as a result of the increased supply of red blood that Pepto-Mangan creates, the entire system attains the vigor that belonged to everman and woman.

Results from taking Pepto-Mangan show promptly. You feel benefited after a few days and much stronger in a few weeks. If you do not, consult a physician. You may have some deep-seated illness for which a blood tonic such as Pepto-Mangan is not sufficient.

Pepto-Mangan is prepared in two forms, liquid and tablets. They are exactly alike in medicinal value.

Ask your druggist for "Gude's" when ordering Pepto-Mangan. Look for the name "Gude's" on the package.—Adv.

NERVES STEADY AS 8 DAY CLOCK SAYS ATHENS LADY

Never knew what a full night's rest was, rolling and tossing from one side of the bed to the other.

Now she sleeps sound and awakes feeling refreshed, since taking Dreco.

"I used to dread going to bed because it meant fitful sleep, bad dreams and rising next morning more tired than the night before," said Mrs. Stella Guess, of 6 Brown Ave., Athens, O.

"My stomach gave me much distress from nausea and by filling up with gas after meals. I was constipated daily; had no appetite, and had aching pains in my back right over my kidneys. Dizzy spells often attacked me; I had a bitter taste in my mouth and my tongue was coated most all the time.

"Dreco has proven to be a wonderful remedy for such troubles as I had, for I'm feeling better than in many a day. I strongly recommend Dreco as a tonic for women." Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All good druggists now sell Dreco and it is being especially introduced in this city by
